BANNER LYE, 2 cans Flowers of Sulphur, 4 lbs.
Lime, 10 lbs.

Mix the *Banner Lye* and *Flowers of Sulphur* dry and then add water sufficient to make a thin paste. Slack 10 lbs. of Lime to make a thick whitewash. Now add the *Banner Lye* and Sulphur. Stir well.

With a whitewash-brush apply to trunk and larger branches. Now add sufficient water to the remainder to make it thin enough to spray. Then thoroughly spray the tops. The above quantity is sufficient for 50 trees. Trees should be treated in the fall and spring.

FRIENDS AND PATRONS

This little book we place in your hands, hoping in so doing that you will be induced to place your order for Garden, Field and Flower Seeds with us.

It is our determination to grow and distribute nothing but the very best seeds that is possible to produce and our prices are as low as good, honest seeds can be sold for.

Our business has steadily increased each year and this is the best evidence that our efforts are appreciated. This steady growth, without any sensational advertising, is due largely to fair dealing and good Seeds; also to the kind recommendations of our old customers to whom we are most thankful.

We do not put out anything but what we would be willing to plant ourselves.

Again this year at our own expense we offer you FREE a year's subscription to some of the leading and best Agricultural, Horticultural, Poultry and Family papers published in America today.

Should you favor us with an order, large or small, the same will be greatly appreciated and receive our prompt attention.

To Our Old Customers

We hope we may have another order from you this season. We appreciated your order last year and tried our best to please you. The old customers are the backbone of the business, but of course, we are always glad to get an order from a new one. We will look for another order from you and we want you to speak a good word for us to your neighbors if you get a chance.

Why not get your Seeds Free?

Your neighbors and friends will all have to have some seeds, and we can offer them a better deal than they can get anywhere else. Big packages, good, honest seeds and fair dealing. We have a number of customers that make a good thing taking orders for our seeds among their neighbors.

Try and get up a club, we will send you some extra catalogues and order blanks free. It will not cost you a cent to try anyway. If you don't get any orders no one is out anything but us and we will take our chances on it.

We will wrap each order separately and properly label them.

When the seeds arrive, if everything is not just as we told you, you can have your money back. Ask the Bath National Bank of this city if we will stick to what we say. Write today for our terms. We will pay you a liberal commission.

Seeds for School Gardens

Gardens for children are being established in many cities and towns as a part of the school curriculum. Children acquire more general knowledge of value in doing things than they could get from book study alone.

We hope in a few years to see an hour's garden work several times a week given to every child in the primary grades in all schools. We will be glad to correspond with teachers or others who desire to purchase seeds for this purpose. We will make special low rates on all kinds of seeds that are to be used for this purpose.

Kind Words From Our Friends

They are proofs of merit, such testimonials cannot be bought.

Dr. G. M. Twitchell, editor of the Maine Farmer, writes: "It gives me pleasure to bear testimony to the superior quality of garden and flower seeds received from you."

From the Maine Farmer: "The Pine Tree State Seed Company at Bath are importers and growers of pure and genuine flower and garden seeds. Their seeds are fresh, true to name and of the finest quality, such as will produce nothing but the best. This company is to be warmly commended for their efforts to introduce Maine grown seeds."

Mr. G. W. Hinkley, East Fairfield, General Supervisor of Good Will Home, writes: "The seeds proved entirely satisfactory, and you will probably hear from us again this year."

Topsham, Me., Dec. 30, 1903.

Pine Tree State Seed Co., Bath, Me.:

Gentlemen—"I have used your vegetable seeds for several years; they always gave perfect satisfaction. My wife says your sweet peas are the best she ever had."

E. Y. SHAW.

A testimonial we are proud of, from the wife of the Master of the National Grange:

South Bend, Ind., Jan. 8, 1904.

"Having received a generous supply of seeds from you last spring, I am anxiously waiting for your catalogue for 1904 to again send in my order. I cannot say enough in praise of the excellent quality of your seeds. They were perfect: not a seed failed to appear."

Very sincerely,

MRS. AARON JONES.

Mr. E. H. Libby, Secretary of the Maine State Grange, writes as follows:

"The flower seeds received from you last spring were very fine and my wife was very much pleased with them. No one makes a mistake in buying your seeds."

Mr. F. E. Strout of Leeds Junction, Me., in his letter of Dec. 19, 1904, writes us as follows:

"Your garden seeds were the best I ever bought. Every seed came. From 5 hills of Golden Hubbard squashes I got over 30 fine specimens and have some in the cellar now and they are good too. I was well pleased with the seeds and more than pleased with the returns."

Mrs. Strout writes: "The pansies had some elegant blossoms and so did the Sweet Peas, the vines were loaded all the season. The rest of the seeds did nicely."

Lowell, Mass., March 2, 1906.

While visiting in Maine last summer I had several bouquets brought to me, and the flowers were so beautiful and different from any I had ever seen, I had to ask where the seeds were bought, and your address was given me. If you have a catalogue please send me a copy.

MRS. C. C. BERRY.

ROOFING

Sometimes an article is made so good that folks wonder how it can be sold at the price. That's the trouble with AMATITE; it seems almost too cheap.

For a wind, rain and weather proof roof covering that will not crack, creep or buckle, rust or rot, there is nothing to compare with it.
